

Architectural Engineering Technologist

Location: Moncton, New Brunswick, Canada

Frederick Hann Associates Ltd. is seeking a detail-oriented architectural engineering technologist with an educational background in the field and preferably experienced in a landscape / engineering consulting capacity. Candidates with an acceptable combination of education and experience will be considered. As architectural engineering technologist, you will be responsible for the timely preparation of design drawings, working drawings and preparation of construction specifications. You are capable of working with minimal supervision, able to maintain high quality work standards, and exercise sound judgment. The ability to multitask is essential. You are proficient in AutoCAD and Microsoft Office applications. If you are motivated by working in a fast-paced dynamic business environment and wish to pursue this opportunity, please email your merged cover letter and resume in a single MS Word document, quoting **AET-0709-MNB** using your full name as the filename by **September 14, 2007** to:

hr@frederickhann.com

No telephone calls or resume drop-offs please.

We thank all applicants for their interest in employment with Frederick Hann Associates Ltd. only those selected for an interview will be contacted.
