

## LANDSCAPE ARCHITECT

**Location:** Moncton, New Brunswick, Canada

*Frederick Hann Associates Ltd. has been at the forefront of landscape architecture since 1983. The firm offers a full compliment of landscape architectural / design services to residential and commercial clients, public authorities and allied design professionals through its offices in St. John's, Newfoundland and Moncton, New Brunswick.*

This is senior level position reporting directly to the President. The successful candidate will have strong design skills and will be responsible for design development to working drawings, construction contract documents, reports and other duties to assist in planning and design. Design projects can include high-end residential environments, retirement communities and commercial properties, public gardens, parks, institutional and industrial landscapes.

### Responsibilities include:

- Confer with Clients, the President and design team to determine project requirements.
- Survey and assess designated sites and develop designs taking into consideration landscape features, buildings, climate, future usage and other aspects.
- Prepare or oversee the preparation of detailed drawings for sites.
- Prepare or oversee preparation of site plans, reports, sketches, models, photographs, maps, land use studies and site development master plans.
- Prepare construction cost estimates; prepare construction specifications and tender / construction documents.
- Conduct community and neighbourhood physical planning studies, participate in multidisciplinary urban design studies and prepare design guidelines.
- Provide inspection and contract administration services of clients landscape construction work as required.
- Attend client meetings with the President to discuss project requirements and present results.
- Assume project manager duties in the absence of the President.
- Assist the President in business development activities.
- Prepare landscape planning / design services proposals.
- Render schematic designs for presentation using a variety of drawing and modeling media including computer aided drafting tools.
- Prepare presentations of design alternatives to superiors, as well as take part in presentation to clients.
- Maintain an internal project review schedule.
- Completion of other tasks required by the President.

### Qualifications and Skills:

- A bachelor's degree or master's degree in Landscape Architecture is required.

- Experience working on a variety of projects and increasing scales of development.
- Experience managing small teams.
- Strong design skills.
- Strong organizational and verbal / writing communication skills.
- Ability to draw with a pen (hand graphics) and then transfer these to AutoCAD environment.
- Ability to work independently and as part of a team.
- Experience and ability to work effectively with AutoCAD, Dynascape, Sketchup, Photoshop, NMS Professional and Microsoft programs or equivalent.
- Full membership (or eligibility for full membership) in the CSLA.
- 

**Application should include:**

- A dated cover letter briefly summarizing education and work experience, current position, what experience you are seeking, and objectives in applying.
- A clear and concise current resume (be sure to include contact information, including e-mail.)
- Contact information for two or more professional or academic references.
- Non-returnable hard copy work samples. Please do not send originals.
