

## LANDSCAPE DESIGNER

**Location:** Moncton, New Brunswick, Canada

*Frederick Hann Associates Ltd. has been at the forefront of landscape architecture since 1983. The firm offers a full compliment of landscape architectural / design services to residential and commercial clients, public authorities and allied design professionals, through its offices in St. John's, Newfoundland and Moncton, New Brunswick.*

This is an intermediate level position reporting to the President. The successful candidate will work closely with the President and a Landscape Architect to analyze sites, prepare concept and working drawings, reports and perform other duties to assist in the planning and design of projects, such as high-end residential environments, retirement communities and commercial properties, public gardens, parks, institutional and industrial landscapes.

### Responsibilities include:

- Confer with the President, the senior landscape architect and clients to define the project requirements.
- Prepare or assist in the preparation of detailed drawings for sites.
- Survey and assess designated sites and develop designs taking into consideration landscape features, buildings, climate, future usage and other aspects.
- Prepare or assist in the preparation of site plans, reports, sketches, models, photographs, maps, land use studies and urban design plans.
- Estimate construction costs or assist in the preparation of cost estimates.
- Prepare construction specifications and tender / construction contract documents.
- Assist in the conducting community and neighborhood physical planning studies, participate in multidisciplinary urban design studies and prepare design guidelines.
- Provide inspection contract administration services during project construction.
- Attend client meetings with the President to define project requirements and present design concepts.
- Render schematic designs for presentation using a variety of hand drawn media and computer modeling tools.
- Assist or prepare presentations of design alternatives to superiors, as well as take part in presentations to clients as required.
- Provide input to an internal project review schedule.
- Completion of other tasks required by the President or Landscape Architect.

### Qualifications and Skills:

- Completion of a university or college program in landscape design, landscape architecture is required.
- Experience working on a variety of projects in design office environment.

- Eligibility for full membership in the CSLA.
- Be design motivated and have strong design and graphic communication skills in computer environment coupled with the ability to design and draw with a hand graphics.
- Strong verbal and writing communication skills.
- Construction documentation experience.
- Ability to work independently and as part of a team.
- Experience and ability to work effectively with AutoCAD, Dynascape, Sketchup, Photoshop, NMS Professional and Microsoft programs or equivalent.
- Strong background in horticultural and interest in stretching the boundaries of planting design is a significant asset.
- 

**Application should include:**
